DETAILED ACTION

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 15-17 are rejected under 35 U.S.C. 102(b) as being anticipated by Shimoda et al., Japanese Patent Abstract Publication Number 10-125931.

[Drawing 16]

[Drawing 17]

[Drawing 27]

2. Shimoda discloses a semiconductor manufacturing method as claimed. Please the various drawings that teach Applicants limitations.

Pertaining to claim 15, Shimoda teaches a method of manufacturing a display device, the method comprising:

- providing a film on a terminal 1700 of a display device that receives an external signal through the terminal;
- removing the film by irradiating the film with a light.

3. Pertaining to claim 16, Shimoda teaches the manufacturing method according to claim 15, the film being removed by using a laser light (see paragraph [0187]).

4. Pertaining to claim 17, Shimoda teaches the manufacturing method according to claim 15, the film generating a gas that causes the seal to be peeled off. (The gas for this limitation is disclosed in [0042]).

Allowable Subject Matter

5. Claims 1-4, 10-14 and 18-24 allowed.
6. The following is an examiner's statement of reasons for allowance: the prior art does not anticipate depositing a semiconductor layer to make contact with a source and drain region comprising a display device with a gate above the semiconductor film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
8. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
